A Home A School A Future

Children's Village Campus Challenge almost complete Construction of the educational centre and hostel begun

Newsletter 6

June 2009

The construction of the Children's village is almost complete

The future garden of the village

**The foundation of the biggest building on campus, the educational centre.
In the background, from left to right: dining hall, hostel, medical centre**

The educational centre and hostel

During the last months Friends Indeed and ARDAR discussed a lot to determine how many rooms were needed to be build so that we would have enough capacity for the future as well. We concluded that we need twelve and started:

- Three special classrooms for deaf children, blind children and retarded children
- A big computer room and a just as big a library/study area
- Two general classrooms
- Classrooms for print shop, sewing shop
- Two offices for staff including a desk for Friends Indeed and a desk for micro credit

Also the foundation for the hostel has been laid: sixty adolescents will be living here while getting education and internship on campus.

Fundraising events for Campus Challenge !

It's going well with the fundraising events for Campus Challenge:

- Santa Claus at Abbott Nederland BV donated outdoor toys BV
- Carry Bomhof donated the revenues from her Christmas singing recitals
- The Speijker-Brinker family donated the received gifts for their 41-year wedding anniversary
- The crew of Allseas, a company from Delft working at Visakhapatnam donated half a home
- Taj Hotel's staff at Visakhapatnam offers help and internship possibilities
- Don en Jennifer, traveling in their jeep, have created goodwill among the local population
- WebshopPlus Holland donated five computers for the computer lab

Donation Allseas to the Campus
